(NASDAQ: ALCO), a land management company, announced a net loss for the fourth quarter of the fiscal year ended September 30, 2008 of \$4.6 million or \$0.62 per share, compared with a net loss of \$7.2 million or \$0.97 per share for the fourth quarter of the fiscal year ended August 31, 2007. The Company changed its fiscal year to September 30 from August 31 during October 2007. Annual net income was impacted by an IRS settlement during the fiscal years ended September 30, 2008 and August 31, 2007, respectively.

Operating revenue during the fourth quarter of the fiscal year ended September 30, 2008 was \$3.4 million compared with operating revenue of \$4.0 million during the fourth quarter of the fiscal year ended August 31, 2007. Gross profits from operations were \$2.6 million for the fiscal year ended September 30, 2008 compared with \$17.0 million for the fiscal year ended August 31, 2007. The annual decreases in revenue and gross profits were largely due to lower citrus prices experienced by the Company during the fiscal year ended September 30, 2008 compared with the prior year.

Alico is not immune from the economic environment the United States is experiencing and we are continuing to look for additional ways to increase profitability.
