Section 2 Financial Information

Item 2.02 Results of Operations and Financial Condition

On December 2, 2016, Alico, Inc. issued a press release announcing its financial results for the three and twelve months ended months ended September 30, 2016.

A copy of the press release is furnished within this report as Exhibit 99.1.

The information contained in Item 2.02 of this report and in the exhibit attached to this report is being furnished to the Securities and Exchange Commission and shall not be deemed "filed" for purposes of Section 18 of the Securities Exchange Act of 1934, as amended (the "Exchange Act"), or otherwise subject to the liability of that section, or incorporated by reference in any filing under the Exchange Act or the Securities Act of 1933, as amended, except as shall be expressly set forth by specific reference in such a filing.

Section 5 Corporate Governance and Management

Item 5.02 Departure of Directors or Certain Officers; Election of Directors;

Appointment of Certain Officers; Compensatory Arrangements of

Certain Officers

Alico Inc. has begun to realign its management structure to optimize the financial returns on the assets of its Orange Co. and Conservation and Environmental Resources divisions. Remy W. Trafelet will become President and Chief Executive Officer of the parent holding company, Alico Inc., on January 1, 2017. He has led the Company's Executive Committee as Chairman since 2013. George Brokaw will become Executive Vice Chairman for Alico Inc., while Hank Slack will serve as Executive Chairman. Clay Wilson will step down as Chief Executive Officer on December 31, 2016. Mr. Wilson will continue to serve as a member of the Alico Board of Directors. The compensatory arrangements and other terms are still being negotiated and will be disclosed when available.

Mr. Trafelet, age 46, has served on the Board of Directors since November 19, 2013. Mr. Trafelet is Managing Partner and Portfolio Manager of Trafelet Brokaw & Company, LLC, a New York-based private investment management firm. Mr. Trafelet also serves as Managing Partner of Trafelet Capital Management, LP, Manager of 734 Agriculture, LLC and previously served as the Chairman of 734 Citrus Holdings, LLC, d/b/a Silver Nip Citrus ("Silver Nip Citrus"), a grower of Florida citrus products. He currently serves as Chairman of HazelTree Treasury Management Solutions, which Mr. Trafelet founded in 2009.

Mr. Brokaw, age 49, has served on the Board of Directors since November 19, 2013 and has brought to the Board extensive knowledge and experience in the areas of business, finance and capital markets. Mr. Brokaw is Managing Partner at Trafelet Brokaw & Company, LLC, a New York-based private investment management firm, and a director of DISH Network Corporation. He previously served as the Managing Director of the Highbridge Growth Equity Fund at Highbridge Principal Strategies, LLC.

Mr. Slack, age 66, has served on the Board of Directors since November 19, 2013 and has brought to the Board extensive experience in the areas of business, finance and capital markets. Mr. Slack served as Chairman of Terra Industries, an international nitrogen-based fertilizer company, from 2001 until 2010, and as a director of Terra Industries from 1983 to 2010. He is currently the senior partner of Quarterwatch, LLC. Additionally, Mr. Slack is Chairman of the Advisory Board of Blakeney Limited Partners. He has also served as a director of E. Oppenheimer and Son International Limited, a private investment and holding company, since 1979 and sits on its Investment Committee.

Messrs. Trafelet, Brokaw and Slack are party to the following related party transactions, all of which have been previously disclosed in Alico Inc.'s SEC filings:

734 Investors and 734 Agriculture

On November 19, 2013, 734 Agriculture and its affiliates, including 734 Investors, acquired all of the approximately 51% of Alico's common stock then owned by Atlantic Blue Group, Inc. (the "Share Purchase"). 734 Investors now beneficially owns, directly or indirectly, approximately 58% of the outstanding shares of the Company's common stock and possesses the voting power to control the election of the Company's Directors and any other matter requiring the affirmative vote or consent of the Company's shareholders. 734 Agriculture is the sole managing member of 734 Investors. By virtue of their ownership percentage,

734 Investors and 734 Agriculture are able to elect all of the Directors and, consequently, control Alico. Messrs. Brokaw and Trafelet, who are directors of Alico, are the two controlling persons of 734 Agriculture.

Silver Nip Citrus Merger Agreement

Common Control Acquisition between the Company and 734 Citrus Holdings, LLC

Effective February 28, 2015, Alico completed the merger ("Merger") with 734 Citrus Holdings, LLC ("Silver Nip Citrus") pursuant to an Agreement and Plan of Merger, dated as of December 2, 2014 (the "Merger Agreement") with 734 Sub, LLC, a wholly owned subsidiary of Alico ("Merger Sub"), Silver Nip Citrus and, solely with respect to certain sections thereof, the equity holders of Silver Nip Citrus. The ownership of Silver Nip Citrus was held by 734 Agriculture, 74.89%, Mr. Clay Wilson, Alico's Chief Executive Officer, 5% and an entity controlled by Mr. Clay Wilson owned 20.11%. Silver Nip Citrus entities include 734 Harvest, LLC, 734 Co-op Groves, LLC, 734 LMC Groves, LLC and 734 BLP Groves, LLC.

At closing of the Merger, Merger Sub merged with and into Silver Nip Citrus, with Silver Nip Citrus and its affiliates surviving the Merger as wholly-owned subsidiaries of Alico. Pursuant to the Merger Agreement, at closing, Alico issued 923,257 shares of the Company's common stock, par value \$1.00 per share, to the holders of membership interests in Silver Nip Citrus. Silver Nip Citrus' outstanding net indebtedness at the closing of the Merger was approximately \$40,278,000 and other liabilities totaled \$8,446,000. Alico acquired assets with a book value of \$65,739,000 and total net assets of \$17,015,000. The common shares issued were recorded at the carrying amount of the net assets transferred.

The former holders of membership interests (the "Members") in Silver Nip Citrus subsequently earned an additional 148,705 shares of Alico common stock pursuant to the Merger Agreement. The additional purchase consideration was based on the value of the proceeds received to date by the Company from the sale of citrus fruit harvested on Silver Nip Citrus' citrus groves following the conclusion of the 2014-2015 citrus harvest season. The Members will receive additional Company common shares based on any additional proceeds received by Alico related to the 2014-2015 harvest season.

Shared Services Agreement

Effective January 1, 2015, Alico and Trafelet Brokaw Capital Management, L.P. ("TBCM") entered into a shared services agreement under which TBCM provides shared office space at TBCM's offices in New York, New York and certain related administrative support services to Alico. Messrs. Brokaw and Trafelet, who are directors of Alico, are Managing Partners of TBCM. Alico reimburses TBCM for TBCM's actual costs of providing office space and providing such administrative services (including internal allocations), in consultation with Alico. The agreement has an initial term ending on June 1, 2016 and is thereafter automatically renewed for additional 1-year periods unless terminated by Alico. During the fiscal years 2016 and 2015, Alico paid approximately \$479,000 and \$379,000, respectively, to TBCM pursuant to the shared services agreement.

Section 9 Financial Statements and Exhibits Item 9.01 Financial Statements and Exhibits

- (d) Exhibits.
- 99.1 Alico, Inc. Press Release dated December 2, 2016 (furnished herewith but not filed pursuant to Item 2.02).

SIGNATURES

Pursuant to the requirements of the Securities Exchange Act of 1934, the Registrant has duly caused this report to be signed on its behalf by the undersigned hereunto duly authorized.

Date: December 2, 2016 ALICO, INC.

By: /s/ John E. Kiernan

John E. Kiernan

Senior Vice President and Chief Financial Officer

For immediate release:

Alico, Inc. Announces Financial Results for Fiscal Year 2016 of \$7.0 million of Net Income, \$37.8 million of EBITDA and \$30.4 million of Net Cash Provided by Operating Activities for the fiscal year.

Fort Myers, FL, December 2, 2016 - Alico, Inc. ("Alico" or the "Company") (NASDAQ:ALCO) today announces financial results for the fourth quarter and fiscal year ended September 30, 2016. For the fiscal year, the Company earned \$0.84 per diluted common share compared to \$1.64 per diluted common share in the prior year. When both periods are adjusted for one-time items related to prior acquisitions including transaction costs, litigation, consulting fees, acquired inventory and real estate gains, the Company earned \$0.94 per diluted common share in fiscal year 2016 and \$1.73 per diluted common share in fiscal year 2015 primarily due to lower citrus production volume.

Alico Executive Management Changes

The Board of Directors and management recognize that the three strategic acquisitions in fiscal years 2015 and 2014 have yet to be fully integrated. As part of this next phase of integration, Alico is conducting cost savings programs, restructuring activities, and strategic initiatives in each division and at the corporate G&A level to improve its profitability and efficiency. Alico Inc. has also begun to realign its management structure to optimize the financial returns on the assets of its Orange Co. and Conservation and Environmental Resources divisions. Remy W. Trafelet will become President and Chief Executive Officer of the parent holding company, Alico Inc., on January 1, 2017. He has led the Company's Executive Committee as Chairman since 2013. George Brokaw will become Executive Vice Chairman for Alico Inc., while Hank Slack will become Executive Chairman. Clay Wilson will step down as Chief Executive Officer on December 31, 2016. Mr. Wilson will continue to serve as a member of the Alico Board of Directors. He will continue to share his lifetime of experience with the Alico team and remains committed to his vision of strengthening Alico's role within the Florida citrus industry. Jerry Newlin, VP for Citrus Operations, will oversee the operational management of Orange Co. Mr. Newlin previously supervised citrus operations for Orange-Co, LP prior to Alico's acquisition of its assets in 2014 and has worked for Alico, Orange-Co, LP and predecessor companies in various capacities since 1978. John Kiernan, CFO of the parent holding company, Alico Inc., will assume administrative duties for Orange Co. until a new General Manager for the Orange Co. division is recruited. To improve the performance of our Conservation and Environmental Resources division, David L. Genho has been appointed President and General Manager, after successfully serving as Operations Manager during a 10-year career at Deserte Cattle & Citrus in St. Cloud, Florida.

Orange Co. Division Results

Orange Co.'s financial results declined during the year due to lower citrus production volume, a decline in pound solids per box and flat production costs compared to the prior year resulting in higher per unit costs, partially offset by higher prices.

Orange Co.'s 2016 crop production was lower by 17.4% on a pound solids basis and by 11.9% on a box basis for the year ended September 30, 2016. The USDA estimated the Florida orange crop decreased by approximately 15.8% this past season as measured by total boxes produced. Orange Co.'s early and mid-season pound solids decreased by 22.8% and boxes decreased by 18.2%; its late season Valencia pound solids decreased by 13.4% and boxes decreased by 6.7%. These declines were due to numerous factors including unusual weather patterns, such as El Nino and higher than normal temperatures during the early and mid-season harvest, and citrus greening resulting in a higher than normal level of drop and more unharvested fruit. The declines were partially mitigated by the acceleration of the Company's late season harvesting activities to address premature fruit drop. Additionally, fruit quality was impacted as pound solids per box decreased from 6.21/box last year to 5.82/box. Citrus production for the years ended September 30, 2016 and 2015 is summarized in the following table.

(boxes and pound solids in thousands)

	 Fiscal Year Ended September 30,					e
	 2016		2015		Unit	%
Boxes Harvested:						
Early and Mid-Season	3,634		4,445		(811)	(18.2)%
Valencias	5,195		5,569		(374)	(6.7)%
Total Processed	 8,829		10,014		(1,185)	(11.8)%
Fresh Fruit	402		466		(64)	(13.7)%
Total	 9,231		10,480		(1,249)	(11.9)%
Pound Solids Produced:						
Early and Mid-Season	20,167		26,139		(5,972)	(22.8)%
Valencias	31,237		36,083		(4,846)	(13.4)%
Total	 51,404		62,222		(10,818)	(17.4)%
Average Pound Solids Per Box	5.82		6.21		(0.39)	(6.3)%
Price per Pound Solids:						
Early and Mid-Season	\$ 2.18	\$	1.99	\$	0.19	9.5 %
Valencias	\$ 2.41	\$	2.12	\$	0.29	13.7 %

Orange Co. costs of production on a per pound solids basis increased 18.9% from \$1.06 to \$1.26 because of lower volumes supporting the cost base. Those costs remained flat from the prior year, despite the challenges of unusual weather and disease, with cost of sales of \$64.8 million compared to \$65.6 million in 2015 (excluding an \$8.1 million adjustment of the fair market value of acquired inventory).

Conservation and Environmental Resources Division Results

Operating (loss) income for the Conservation and Environmental Resources ("CER") division was (\$0.7) million in fiscal year 2016 compared to \$0.6 million in the prior year, a decrease of \$1.3 million. EBITDA for the cattle and ranch operations of the CER division declined from approximately \$4.0 million in fiscal year 2015 to approximately \$2.1 million primarily due to lower cattle prices. CER financial results were negatively affected by \$2.3 million in 2016 and \$2.1 million in 2015 of operating costs related to the dispersed water storage project. Funding for the water project was included in the approved state budget in March 2016, but we are currently pursuing permits needed to commence construction.

Other Corporate Financial Information

Over the past year, Alico began to restructure its business by investing in information technology and management talent while still evaluating strategic acquisitions. These initiatives increased its general and administrative costs on a recurring basis by \$1.1 million. Corporate G&A expenses for the year ended September 30, 2016 totaled \$13.2 million compared to \$16.5 million for the year ended September 30, 2015, a decrease of \$3.3 million. The decrease relates primarily to \$4.7 million in non-recurring professional and legal fees associated with the Orange-Co, LP asset acquisition and the Silver Nip acquisition and \$0.3 million in non-recurring consulting expenses in fiscal year 2015 offset by certain fiscal year 2016 expenses including \$0.5 million in legal fees related to the shareholder litigation, \$0.4 million in prior year bonus payments and \$0.2 million in stock compensation.

Other (expense) income, net for the year ended September 30, 2016 was (\$9.4) million compared to \$4.6 million for the year ended September 30, 2015. The decrease of \$14.0 million is primarily attributable to a \$12.9 million decrease in partial gain recognition on the sale of the sugarcane land, a \$1.1 million decrease in bargain purchase gains and a \$1.5 million increase in interest expense offset by non-recurring fiscal year 2015 losses, including a \$1.0 million loss on extinguishment of debt and a \$0.5 million asset impairment.

The Company paid a fourth quarter cash dividend of \$0.06 per share on its outstanding common stock on October 14, 2016, to shareholders of record at September 30, 2016. Dividends for the year totaled \$0.24 per share.

The Company ended the year with term debt, net of cash and cash equivalents, of \$190.6 million.

About Alico

Alico Inc. is a holding company with assets and related operations in agriculture and environmental resources, including citrus, cattle ranching, water management, and mining. Our mission is to create value for shareholders by managing existing assets to their optimal current income and total returns, opportunistically acquiring new assets and producing high quality agricultural products while exercising responsible environmental stewardship. Forward-Looking Statements

This press release contains forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended. These forward-looking statements are based on Alico's current expectations about future events and can be identified by terms such as "plans," "expect," "may," "anticipate," "intend," "should be," "will be," "is likely to," "believes," and similar expressions referring to future periods.

Alico believes the expectations reflected in the forward-looking statements are reasonable but cannot guarantee future results, level of activity, performance or achievements. Actual results may differ materially from those expressed or implied in the forward-looking statements. Therefore, Alico cautions you against relying on any of these forward-looking statements. Factors which may cause future outcomes to differ materially from those foreseen in forward-looking statements include, but are not limited to: changes in laws, regulation and rules; weather conditions that affect production, transportation, storage, demand, import and export of fresh product and its by-products, increased pressure from diseases including citrus greening and citrus canker, as well as insects and other pests; disruption of water supplies or changes in water allocations; pricing and supply of raw materials and products; market responses to industry volume pressures; pricing and supply of energy; changes in interest rates; availability of financing for land development activities and other growth opportunities; onetime events; acquisitions and divestitures, including our ability to achieve the anticipated results of the Orange-Co acquisition and Silver Nip merger; seasonality; labor disruptions; inability to pay debt obligations; inability to engage in certain transactions due to restrictive covenants in debt instruments; government restrictions on land use; changes in agricultural land values; and market and pricing risks due to concentrated ownership of stock. Other risks and uncertainties include those that are described in Alico's SEC filings, which are available on the SEC's website at http://www.sec.gov. Alico undertakes no obligation to subsequently update or revise the forward-looking statements made in this press release, except as required by law.

Alico utilizes the non-GAAP measures Adjusted EBITDA, Adjusted Earnings per Diluted Common Share and Adjusted Free Cash Flow among other measures, to evaluate the performance of its business. Due to significant depreciable assets associated with the nature of our operations and, to a lesser extent, interest costs associated with our capital structure, management believes that Adjusted EBITDA, Adjusted Earnings per Diluted Common Share, and Adjusted Free Cash Flow are important measures to evaluate our results of operations between periods on a more comparable basis and to help investors analyze underlying trends in our business, evaluate the performance of our business both on an absolute basis and relative to our peers and the broader market, provides useful information to both management and investors by excluding certain items that may not be indicative of our core operating results and operational strength of our business and helps investors evaluate our ability to service our debt. Such measurements are not prepared in accordance with accounting principles generally accepted in the United States ("U.S. GAAP") and should not be construed as an alternative to reported results determined in accordance with U.S. GAAP. The non-GAAP information provided is unique to Alico and may not be consistent with methodologies used by other companies. Adjusted EBITDA is defined as earnings before interest expense, provision for income taxes, depreciation and amortization adjusted for non-recurring transactions or transactions that are not indicative of our core operating results such as gains or losses on sales of real estate. Adjusted Earnings per Diluted Common Share is defined as earnings adjusted for non-recurring transactions divided by diluted common shares. Adjusted Free Cash Flow is defined as cash provided by operations adjusted for non-recurring transactions less capital expenditures. The Company uses Adjusted Free Cash Flow to evaluate its business and this measure is considered an important indicator of the Company's liquidity, including its ability to reduce net debt, make strategic investments, and pay dividends to common stockholders. The Company's definition of Adjusted Free Cash Flow does not represent residual cash flows available for discretionary spending.
