In addition, at the January 18, 2008 meeting of the Board of Directors, the Board voted to extend the period for director compliance with the Director Stock Purchase Policy by another 12 months, noting the decline in the Company's stock price as the principal reason for such extension. The Director Stock Purchase Policy requires that all Directors who are not beneficial owners of Atlantic Blue Group, Inc. own, at all times after three-years from their election to the Board, Company stock with a market value which is equal to or greater than \$200,000 dollars (the "Company Director Target Stock Ownership Requirement").
